

§ 1717.853

7 CFR Ch. XVII (1–12 Edition)

(4) Debt incurred by a distribution or power supply borrower to finance facilities, equipment or other assets that are not part of the borrower's electric system or one of the four community infrastructure systems cited in paragraph (a)(3) of this section, except for certain rural development investments eligible for a lien subordination under § 1717.858.

(c) *Lien subordination for electric utility investments.* RUS will consider subordinating its lien on specific electric utility assets financed by the lender, when the assets can be split off without materially reducing the stability, safety, reliability, operational efficiency, or liquidation value of the rest of the system.

[58 FR 53843, Oct. 19, 1993, as amended at 59 FR 3986, Jan. 28, 1994; 60 FR 67409, Dec. 29, 1995]

§ 1717.853 Loan terms and conditions.

(a) *Terms and conditions.* A loan, bond or other financing instrument, for which a lien accommodation or subordination is requested from RUS, must comply with the following terms and conditions:

(1) The maturity of the loan or bond used to finance facilities or other capital assets must not exceed the weighted average of the expected remaining useful lives of the assets being financed;

(2) The loan or bond must have a maturity of not less than 5 years, except for loans or bonds used to refinance debt that has a remaining maturity of less than 5 years;

(3) The principal of the loan or bond must be amortized at a rate that will yield a weighted average life not greater than the weighted average life that would result from level payments of principal and interest; and

(4) The loan, or any portion of the loan, may bear either a variable (set annually or more frequently) or a fixed interest rate.

(b) *RUS approval.* Loan terms and conditions and the loan agreement between the borrower and the lender are subject to RUS approval. However, RUS will usually waive its right of approval for distribution borrowers that meet the conditions for advance approval of a lien accommodation or sub-

ordination set forth in § 1717.854. RUS may also waive its right of approval in other cases. RUS's decision to waive its right of approval will depend on the adequacy of security for RUS's loans, the current and projected financial strength of the borrower and its ability to meet its financial obligations, RUS's familiarity with the lender and its lending practices, whether the transaction is ordinary or unusual, and the uncertainty and credit risks involved in the transaction.

§ 1717.854 Advance approval—100 percent private financing of distribution, subtransmission and headquarters facilities, and certain other community infrastructure.

(a) *Policy.* Requests for a lien accommodation or subordination from distribution borrowers for 100 percent private financing of distribution, subtransmission and headquarters facilities, and for community infrastructure listed in § 1717.852(a)(3), qualify for advance approval by RUS if they meet the conditions of this section and all other applicable provisions of this subpart. Advance approval means RUS will approve these requests once RUS is satisfied that the conditions of this section and all other applicable provisions of this subpart have been met.

(b) *Eligible purposes.* Lien accommodations or subordinations for the financing of distribution, subtransmission, and headquarters facilities and community infrastructure listed in § 1717.852(a)(3) are eligible for advance approval, except those that involve the purchase of existing facilities and associated service territory.

(c) *Qualification criteria.* To qualify for advance approval, the following requirements, as well as all other applicable requirements of this subpart, must be met:

(1) The borrower has achieved a TIER of at least 1.25 and a DSC of at least 1.25 for each of 2 calendar years immediately preceding, or any 2 consecutive 12 month periods ending within 180 days immediately preceding, the issuance of the debt;

(2) The ratio of the borrower's equity, less deferred expenses, to total assets, less deferred expenses, is not less than 27 percent, after adding the principal

amount of the proposed loan to the total assets of the borrower;

(3) The borrower's net utility plant as a ratio to its total outstanding long-term debt is not less than 1.0, after adding the principal amount of the proposed loan to the existing outstanding long-term debt of the borrower;

(4) There are no actions or proceedings against the borrower, pending or overtly threatened in writing before any court, governmental agency, or arbitrator that would materially adversely affect the borrower's operations and/or financial condition;

(5) The borrower is current on all debt payments and all other financial obligations, and is not in default under the RUS mortgage, the RUS loan contract, the borrower's wholesale power contract, any debt restructuring agreement, or any other agreement with RUS;

(6) The borrower has:

(i) Submitted the annual auditor's report, report on compliance, report on internal controls, and management letter in accordance with 7 CFR part 1773;

(ii) Received an unqualified opinion in the most recent auditor's report;

(iii) Resolved all material findings and recommendations made in the most recent Loan Fund and Accounting Review;

(iv) Resolved all material findings and recommendations made in the most recent financial statement audit, including those material findings and recommendations made in the report on internal control, report on compliance, and management letter;

(v) Resolved all outstanding material accounting issues with RUS; and

(vi) Resolved any significant irregularities to RUS's satisfaction; and

(7) If the borrower has a power supply contract with a power supply borrower, the power supply borrower is current on all debt payments and all other financial obligations, and is not in default under the RUS mortgage, the loan contract, any debt restructuring agreement, or any other agreement with RUS.

(d) *Right of normal review reserved.* RUS reserves the right to review any request for lien accommodation or subordination under its normal review process rather than under advance ap-

proval procedures if RUS, in its sole discretion, determines there is reasonable doubt as to whether the requirements of paragraphs (b) and (c) of this section have been or will be met, or whether the borrower will be able to meet all of its present and future financial obligations.

[58 FR 53843, Oct. 19, 1993, as amended at 60 FR 67410, Dec. 29, 1995; 65 FR 51748, Aug. 25, 2000]

§ 1717.855 Application contents: Advance approval—100 percent private financing of distribution, subtransmission and headquarters facilities, and certain other community infrastructure.

Applications for a lien accommodation or subordination that meet the requirements of § 1717.854 must include the following information and documents:

(a) A certification by an authorized official of the borrower that the borrower and, as applicable, the loan are in compliance with all conditions set forth in § 1717.854(c) and all applicable provisions of §§ 1717.852 and 1717.853;

(b) A resolution of the borrower's board of directors requesting the lien accommodation or subordination and including the amount and maturity of the proposed loan, a general description of the facilities or other purposes to be financed, the name and address of the lender, and an attached term sheet summarizing the terms and conditions of the proposed loan;

(c) The borrower's financial and statistical report, the data in which shall not be more than 60 days old when the complete application is received by RUS;

(d) Draft copy of any new mortgage or mortgage amendment (supplement) required by RUS or the lender, unless RUS has notified the borrower that it wishes to prepare these documents itself;

(e) A copy of the loan agreement, loan note, bond or other financing instrument, unless RUS has notified the borrower that these documents need not be submitted;

(f) Borrower's environmental report and/or other environmental documentation, if required by 7 CFR part 1794;
